London, July 19.—Attention is
now centered on the gigantic opera-
tions in the eastern field of war,
where fighting is in full swing in
nearly every section of the Russian
line from the Baltic to the Dniester.General von Buelow, who was on
the left of General von Kluck in the
first invasion of France, now com-
mands the extreme left of the Ger-
man advance toward Riga, which is
being conducted by cavalry on a
scale exceeding anything heretofore
seen during the war. Berlin claims
a steady advance, and Petrograd con-
cedes an advance after the Russian
forces had made a stubborn contest.On von Buelow's right is General
von Eichorn, who is being held up by
the Russian fortress Ostrowetz. On
von Eichorn's right is General von
Gallwitz, whose name appears for the
first time in large operations. After
capturing Przasnysz, he is now press-
ing a German attack on the Narew
river and its tributaries.On the famous Rawka and Bzura
lines, there is comparative quiet,
which is also reflected on the south-
west side of Warsaw, but to the
southeast the movement against
Lublin, which was temporarily
checked, is again in full swing.The Russians must fight a defensive
battle for the possession of War-
saw or abandon all of Poland. The
Germans are considered undoubtedly
to prefer the first issue, hence the
Russians, in the opinion of many mil-
itary observers, are likely to attempt
a complete withdrawal with their
armies intact. These tremendous ac-
tivities by the Germans in the East
suggest that they have little reserve
left to devote to the western cam-
paign, which offers the entente allies
a respite either for the completion
of munitions supplies or a concerted
attempt to recapture Lille.Another view holds that the best
services her allies could give Russia
at this time, would be the forcing of
the Dardanelles. It is possible that
the allies may combine both suggested
attempts but it is unquestionable
that for the time the center of gravity
in the war has shifted to eastern
Europe.The western front continues quiet
without a sign of any new develop-
ment. The Italians report some pro-
gress in the mountains east of Tren-
tino, where the invaders are now
striking towards one of the two rail-
roads serving Austria's Trentino
forces.The South Wales coal strike situa-
tion continues serious with the be-
lief growing that the only solution
is government operation of the mines
during the period of the war.Government Reproves Company

Acid-Loading Shell for Sale[ASSOCIATED PRESS TELEGRAM]
Washington, July 19.—Letters of
reproof, written by Secretary Red-
field were sent today to the Cleve-
land Automatic Machinery company
of Cleveland, Ohio, and the American
Machinery, a New York trade maga-
zine dealing with the publication of
an advertisement of poisonous acid-
loaded shells. It was announced by
the department of commerce that
President Wilson, after looking over
the letters prepared by Secretary
Redfield, directed "acting secretary
Sweet to forward them."The letter to J. P. Brophy, gen-
eral manager of the Cleveland concern,
characterizes the advertisement in
question as "atrocious," and says:
"At a time when every instinct of
patriotism calls for calm and self re-
straint, when sobriety of statement
is almost a supreme duty, you, as
you admit, to gain notice to an ad-
vertisement, draw a picture of hu-MEMBERS AGRICULTURAL COMMISSION
NOW HAVE HOPES OF SAVING JOBS[ASSOCIATED PRESS TELEGRAM]
Columbus, July 19.—That members of the agricultural com-
mission have now hopes their jobs may be saved at least temporarily by
the calling of a referendum on the new agricultural law, was indicated
when they announced the last official meeting of the commission
would be held today. Departmental routine was the principal busi-
ness before it. The new law will be replaced by a board of 10 to be
appointed by the governor either Wednesday or Thursday.
The announcement by the agricultural commission of its "last
meeting" was made after a conference with A. V. Abernethy, former
secretary of the tax commission, who has charge of the campaign to
secure signatures on the referendum petitions.

Safety Belt Caught and He Was
Rescued Badly Burned.William Crawmer, an electrician
employed by the Ohio Light and
Power company was seriously burn-
ed and narrowly escaped death in a
twenty-five foot fall, when he
came in contact with a "live wire"
while at work Monday morning.Mr. Crawmer was working on a
pole at the corner of Fourth and Har-
rison streets, and in making the con-
nections—the wire he was throw-
ing crossed a live wire. He
lost his hold and fell a distance
of about twenty-feet and was prob-
ably saved from death when the belt
he was caught in telephone wires.
Mr. Leo Davis and others hurried to
his rescue and he was taken down,
unconscious. The Criss Brothers
ambulance was called and he was re-
moved to the Newark Sanitarium.
The right arm was seriously burned,
and the shoe had been burned from
the left foot and that member was
seriously burned. The wounds were
so deep that the muscles were ex-
posed.Mr. Crawmer resides at 32 North

defenders were wounded and eleven
prisoners taken. The prisoners later
were released and sent across the
border to the American side. Ameri-

Wheeling, W. Va., July 19.—The
last of the idle steel mills in the
Wheeling, W. Va., district was placed
in operation today when a part of
the force returned to work at the
Riverside plant of the National Tube
Co. Two weeks will be required to
get all departments going and give
work to the 5000 men who have been
idle for 14 months.ORNAMENTAL SIGNS

Clinton, Iowa, July 19.—Varieties
of trees, instead of unsightly signs
are to give warning of approach to
railroad crossings, bridges and dan-
gerous turns on the Lincoln high-
way, according to an announcement
today by Elmer C. Jansen, chairman
of the American Institute of Archi-
tects' general committee on the high-
way. Mr. Jansen, who has just
finished a trip over the Illinois sec-
tion of the highway, said the tree
feature was part of comprehensive
plans for the restoration and preser-
vation of nature's beauties along the
transcontinental road.

With Butcher Knife and Famous
Prisoner Is Seriously Wounded[ASSOCIATED PRESS TELEGRAM]
Milledgeville, Ga., July 19.—Physi-
cians who examined Leo M. Frank
in the state prison early today said
his condition was much worse. The
jagged cut in his throat received at
the hands of a fellow prisoner Sat-
urday night, was swollen and his
temperature was 102.5.Dr. H. J. Rosenberg, the Frank
family physician, who returned to
Atlanta last night, believed Frank's
condition permitted his leaving. He
and another Atlanta doctor were
summoned back today.Early today Frank was restless, his
temperature continued to rise and at
about daylight he was delirious at
brief intervals. The temperature
reached the highest shortly before 8
o'clock and then began to drop. At
9 o'clock it was a fraction over 101.
Dr. Guy Compton, the prison physi-
cian, was not so alarmed over the
turn of the night as were the other
attendants. He stated today thatsome fever was to be expected and
that the swollen neck was not neces-
sarily within itself an exceedingly
dangerous sign. Blood poisoning is
most feared. The stitches seem to
be holding.William Green, Frank's assailant,
still refused to talk today. He is
kept in solitary confinement.
Some of the guards today recalled
he had expressed a feeling of anti-
mosity toward Frank before the lat-
ter was brought to the prison.Dr. W. J. McNaughton, a convict,
was near Frank when he was at-
tacked. Dr. McNaughton, like Frank,
was saved from the gallows by a
commutation of sentence from Gov-
ernor Slaton, who saved Frank's life
in the same manner.Dr. Rosenberg today gave Dr. Mc-
Naughton full credit for saving
Frank's life. His quick work in
making a ligature of the ends of the
jagged veins, stopped the flow of
the blood. Dr. Rosenberg also said
that the muscles in Frank's neckwere badly cut and if he lives, he
will have a stiff neck.Frank was quartered at night in
a dormitory with about 100 other
prisoners and occupied a bunk about
40 feet from one of the two doors to
the large room Green's bunk was
fourth from his. No prisoner is al-
lowed to leave his place without per-
mission from one of the two guards
stationed at the dormitory at night.
Shortly after 11 o'clock last night
Green called out for permission to
get up and it was granted.He started down the line of bunks
toward the one occupied by Frank.
As he reached it he quickly grabbed
Frank by the hair and delivered one
blow with the knife he had conceal-
ed. A guard rushed to the bunk and
prevented Green from striking again.Among the prisoners who rushed
to Frank's aid were two physicians,
one of whom also was serving a life
term for murder. They gave first
aid and treated the wound until Dr.

COAL STRIKEBRITISH CABINET TO CONSIDER
SOME MEANS SPEEDILY TO
SETTLE TROUBLE.Believed Only Satisfactory Solution
Will be for Government to
Operate Mines.[ASSOCIATED PRESS TELEGRAM]
London, July 19.—Reports from
the South Wales coal fields indicate
no progress in the negotiations for
settlement of the strike, but efforts
will be made at the cabinet meeting
today to find some means of speedi-
ly solving the labor problem. It is
generally believed in the mining dis-
tricts, however, that no satisfactory
way out of the present difficulties
can be found unless the government
takes over the mines and operates
them during the war.One of the first things the miners
demand is the withdrawal of the
proclamation which brings them un-
der the provisions of the munitions
bill. They resent the idea of work-
ing under coercion and insist they
will not consent to it. It is known
that representatives of the govern-
ment who are conversant with the
spirit of the miners take a gloomy
view of the present situation, but if
the proclamation is withdrawn and
the government takes over the mines,
it is possible the men may be pre-
valled upon to work for the state onsatisfactory terms. The idea of pri-
vate aggrandizement would thus be
eliminated.The mine owners are alarmed at
the great expense to which they are
being put in addition to their loss of
profits.The suggestion is made by Thomas
Richards, member of parliament and
general secretary to the South Wales
Miners' Federation, that the men be
allowed to go back to work on their
own terms, negotiations for a settle-
ment to be resumed while work is
proceeding.It is understood that new proposals
have been advanced which are likely
to constitute a basis on which both
sides concerned in the South Wales
coal strike will be able to arrange
peace without loss of prestige.No definite information has been
given out, but there was another
dramatic turn in the situation this
afternoon as a result of a communi-
cation sent following a cabinet meet-
ing to the executive committee of the
miners at Cardiff. The committee,
which was in session when the com-
munication was received, adjourned
immediately and started for London
to meet Walter Runciman, president
of the board of trade, this evening.It was learned that the proposals
for ending the strike originated with
the miners. They were sent to Lon-
don by the executive committee with
the sanction of the miners' leaders
who believe they will prove accept-
able.It is understood the plan contem-
plates temporary concession of the
demands of the miners, which, how-
ever, would not be embodied in any
new agreement until the government
has had ample time to consider the
whole matter. The questions in dis-
pute would then be referred to the
munitions committee which would decide
regarding martial law differences be-
tween the award of Mr. Runciman
and the full demands. It is possi-
ble that Mr. Runciman himself, in-

Reading, Pa., July 19.—Harry F.
Westbrook, who last week went to
a Pennsylvania railroad tower near
Altoona, Pa., with a piece of pipe
containing twenty sticks of dynamite
and said he had found the explosive
on the tracks, was arrested here late
last night and today, according to
the police, he confessed he had in-
vented the scheme in the hope of get-
ting a reward.Westbrook, in his confession, ac-
cording to the police, said he had
conceived the idea after reading of
the exploits of Frank Holt. He made
the bomb at his home here, the po-
lice said. It contained enough dynamite
to destroy a city block. Last
Thursday night, Westbrook said, ac-
cording to the police, he went to a
point near Altoona, placed the bomb
on the track, later removed it and
told the officials of the railroad he
had found it.Westbrook further said, the police
declare, that he had gotten up the
scheme to become a hero and to im-
prove his position in life for the sake
of his wife and babies. Westbrook

The Killing of Americans By Shells Fired
From German SubmarinesNOTE WILL ANNOUNCE
RIGHT UPON HIGH SEASIn Accordance With International Law, and There Will
Be No Useless Discussion of Principles That Already
Have Been Treated In Previous Notes—Prompt Ac-
tion In Dispatching the Note to Berlin Is Generally
Forecasted, After It Is Submitted to the Cabinet at
Tuesday's Meeting—Orduna Incident Will Likely Be
Touched Upon.[ASSOCIATED PRESS TELEGRAM]
Washington, July 19.—President
Wilson and Secretary Lansing today
discussed in detail a draft of the
note to be sent to Germany this week
informing the imperial government
what the United States will do if
there is further violation of American
rights on the high seas.The return of President Wilson
from Cornish, N. H., gave Secretary
Lansing his first opportunity to con-
fer on the policy to be followed as
the result of Germany's failure to
satisfy the American demands made
in the note of June 9.It was understood that the presi-
dent and Mr. Lansing found that they
had reached about the same con-
clusion—that the next communication
to Germany will be of a definite char-
acter, making unmistakably clear
that the United States cannot be ex-
pected to remain passive in the event
of another attack on an unarmed and
unresisting ship with a loss of Ameri-
cans.The note, it is now practically
agreed, will announce to Germany
the intention of the United States
to assert its rights on the high seas in
accordance with international law.
There probably will be little or no
discussion on the principles already
treated at length in previous notes.Prompt action in dispatching the
note was generally forecast. Tomor-
row it will be submitted by the presi-
dent to the cabinet and possibly may
be revised again at Friday's meeting.
In official quarters it was agreed the
communication would be on its way
to Berlin by Saturday.Although it is not certain whether
reference will be made to the attack
on the Cunard liner Orduna, it is
known that that incident has swept
aside previous suggestion that the
next communication would take into
consideration that German submarines
commanders in actual practice were
conforming to the rules of interna-
tional law. Irrespective of the de-
tails of the Orduna attack, the fact
that a vessel carrying Americans
bound to the United States and
transporting no contraband was at-
tacked without warning, impressed
high officials that German subma-
rine warfare still held forth many
hazards for Americans traveling the
high seas "on lawful errands."Secretary Lansing was at the
White House for more than an hour
awaited today as to the circumstances
of the German submarine attack on
the British steamer Orduna, carry-
ing a score of Americans. The fact
that the liner carried no munitions
or contraband, leads officials here to
believe that the position of the Uni-
ted States, as outlined in its previous
notes, has been considerably
strengthened. It bears out, officials
claim, the American contention that
the character of a vessel, her desti-
nation and cargo can be safely deter-
mined only by a visit and search.The president's train was on time
and he drove at once to the White
House to begin conference with Sec-
retary Lansing and other officials
preparatory to tomorrow's cabinet
meeting which will take up the Amer-
ican reply to Germany's latest note
on submarine warfare.Chicago Cleanest City In
World, Purity Congress Is
Told at Second Day Session[ASSOCIATED PRESS TELEGRAM]
San Francisco, July 19.—Addressing
delegates to the ninth International
Purity Congress today, Clifford G.
Roe of Chicago, president of the
American Bureau of Moral Education,
appointed by President Wilson as
American delegate to the congress
proposed a new purity plan."The campaign against the social
evil has spread so rapidly and widely
that the local and national groups en-
bent upon a world-wide movement
constitute," said Mr. Roe. "Each seems
bent upon some pet solution of the
problem. Some insist the solution
must be medical and psychopathic,
others say that laws and police only
are efficient in the matter, while still
others put their whole faith in eco-
nomic education, and social hygiene.
While all these are necessary and
helpful, the supreme appeal must be
greater than all these, it must be the
appeal to morality—moral education."
"Therefore, in this great gathering
of the ninth International Purity Con-
gress, I wish to tell of a new plan for
this purity appeal.""In the past our efforts have been
largely centered upon the schoolteacher, the doctor, the lawyer and the
minister. Our new plan is to bring
the facts before the great masses of
the people, the farmer, the business
man and the laborer. The message of
purity therefore is not only preached
today from the pulpit, but likewise,
from the Chautauqua and lecture plat-
form, and in club rooms and the au-
ditorium of great commerce associa-
tions."Mr. Roe said he thought Chicago is
today morally the cleanest large city
in the world, which condition was
brought about by "an aroused public
sentiment—a quickened moral con-
science—a deeper and truer conviction
concerning the responsibility of citi-
zenship."Mrs. Catharine Booth-Gilbert, daugh-
ter of the Salvation Army founder, the late General William
Booth, who is an evangelist worker
in London spoke before the Congress
here today on motherhood, which
she declared "is the finest of arts—
but a lost art."She said:

Last Legislature Appropriated All
Interest on State Funds for
Two Years, Toward Project.

(ASSOCIATED PRESS TELEGRAM)

Columbus, July 19.—Preparations will be started soon for the erection in Columbus of a state office building which may cost \$1,000,000. It was said at the executive offices today Governor Willis is considering whom to name as members of a special committee authorized in a bill passed by the last legislature to make plans for the building. The committee is to consist of the adjutant general, two members of the board of administration, two representatives and two senators, seven in all. All but the adjutant general are to be named by the governor.

The legislature appropriated all interest on state funds for the next two years and an additional amount equal to disbursements on office rents for departments outside the state house during the past two years. State Auditor Donahy today estimated the sum available will exceed \$1,000,000. The total collections of interest on state funds in the last year was \$450,000 and the total rental costs were \$65,000. Twice that amount, the sums for two years, would be available for the proposed office building, he estimated.

Among those mentioned as possible appointees are members T. E. Davey and D. S. Creamer, of the board of administration; Senator Charles W. Wickline, of Akron, Republican; Senator E. G. Lloyd of Columbus, Democrat; Representative W. R. Sprague, of Portsmouth, Republican; and either Representative Frank Hunter of Columbus, or Representative H. B. Briggs, of Cleveland, Democrats.

Penitentiary prisoners probably will be employed as laborers on the building and the cost thus can be reduced by a third from the cost of a building on which the labor is paid, it is estimated. A large part of the fixtures and equipment also may be made within the prison walls.

The building will be erected facing the capital square in Columbus, it is expected, and probably will be much larger than will be needed immediately for state purposes. The state then will become a landlord, and rent offices not needed for its departments, for general commercial use.

SENATORS TO GET TO MEN FROM

PORT WAYNE CLUB

Dayton, July 19.—It is understood that Secretary Quinn of the Columbus club is closing a deal for services of Fred Bratschi, outfielder, and "Red" Ainsworth, pitcher, now with the Port Wayne club. Bratschi is a competent garden man and can play the sun field splendidly. He has a batting average of .298. He has made 12 doubles, six triples and is tied for the lead in home runs, having seven circuit smashes to his credit. He looks like an excellent prospect. Bratschi is something of a speed merchant, too, and has stolen 19 bases. He is a right-hand batter.

Ainsworth is about the best pitching prospect in the league, having won something like 14 games and lost but four. He is a right-hander of steady and reliable type and has had enough experience to make him a valuable man. He was with Boston Red Sox once. Both Bratschi and Ainsworth should be a help to the Senators.

SWIMMERS WILL START AT EXPO. EVENTS ALL WEEK.

(ASSOCIATED PRESS TELEGRAM)

San Francisco, July 19.—Some of the best long distance swimmers in the country are to participate in the American Amateur Athletic Union 440 yard open water swim in the yacht harbor at the Panama Pacific exposition.

The open water meet will continue throughout the week. On Wednesday there will be an 880-yard race. The mile events scheduled for Friday and Saturday will be devoted to diving contests and a long distance swim.

CHILLICOTHE'S CLUB TRANSFERRED TO MAYSVILLE, KY.

Huntington, W. Va., July 19.—At a meeting of the directors of the Ohio State league yesterday Maysville, Ky., was given the franchise that Chillicothe formerly held. Huntington made a bid for it, but could not meet the obligations required. The club probably will be run by Josh Devore, who managed the Chillicothe team.

Reliability of Dispatches.

The superiority of the Associated Press, as a news gathering and distributing agency is being constantly demonstrated over all attempts at rivalry, but in no phase more emphatically than in its accuracy as to details. Another glaring example was given Newark readers of the two afternoon papers Saturday afternoon, which it is no more than just to both classes of these readers, should be mentioned.

A telegraphic bulletin was received in the Advocate office during the afternoon from Pittsburgh, Kansas, announcing that an explosion had occurred in a mine near that place and it was "REPORTED THAT a number of lives had been lost."

This bulletin was held for confirmation, and additional details. In about 15 minutes it had been investigated by the Associated Press, and a substitute came over the wire, telling the truth about the accident. One miner had been killed and another hurt. THIS WAS PRINTED in the Advocate, the true story of the explosion.

Note the difference! In another newspaper Saturday evening, in black face type, under a bold faced three line head was printed a dispatch from the same point, over the press wire of another news service, stating that 85 LIVES WERE LOST in the explosion. Again note the difference!

As illustrating another phase of the "A. P." service completeness, Saturday's papers can easily be compared to the Advocate's advantage.

One of the big news stories which "broke" during the day, was the attempt to torpedo without warning the liner Orduna, carrying over 200 passengers to America, as related by these returning passengers. This seemed destined to bring about international complications, in view of the stand taken by the United States in their diplomatic correspondence with Germany, along this very line. The attempted destruction of the Orduna appeared a violation of the tentative understanding between the two countries that warning be given.

In the Advocate this story was given its proper place, on the first page, and the narrative account was complete as to details, (taking up over a column), as related by the indignant American passengers.

Another afternoon paper carried 22 lines in an obscure position, on page 6 of its issue.

Such examples could be multiplied, and cited every day, but it is unnecessary. The newspaper readers of Newark are discriminating and have already noted the difference in times of receiving the big news of each day the accuracy with which it is sent, and the painstaking care exercised to verify the Associated Press news as given in the Advocate. This paper's readers are thus protected from the imposition upon them of false, inaccurate, or exaggerated news stories. Facts, and facts alone, plain, uncolored, and as nearly correct as human energy in collecting, and truthful intelligence in present-

The Advocate's Advertising School

LESSON NO. 1.

The newspaper worker is often asked by merchants and their employees as to what is the secret of writing effective advertising. The Advocate begins with this issue a series of articles on "The Art of Advertising." The writer feels that the subject is a very large one, and that some who read these suggestions may know as much about it as he does. The "Lessons" are based, however, on much reading and thought. Discussion of the subject with merchants, and observation of how particular advertisements work in practice.

The advertising expert of ten years ago set out to amuse and entertain his readers. He specialized in agile turns of thought. But after you read his copy, you knew no more about his goods than you did before.

Advertising today has reached a simpler basis. The merchant who never studied advertising but has common sense may write a very effective notice. There are certain principles, however, which he must follow, either by luck or intelligent choice, if he expects his advertising to be thoroughly effective.

The first principle is the need of what is called "reason why copy." The successful advertiser of today appeals to the judgment of the public. Instead of trying to make them laugh, he makes them think.

Take the following head used on a certain advertisement: "Direct from the Works Saves 40 per cent." Showing that he has cut out the profit of one or more middlemen, plus freightage and handling expense, the advertiser shows a real reason why he sells cheaper.

"Reason Why" copy states in simple, direct language why an article is superior. Here is an illustration in a lamp chimney ad, which properly displayed is very effective:

"—Lamp Chimneys Give more Light.
Almost Never Break from Heat,
Fit the Lamp,
Avoid that Sickening Lamp Odor."

Any housewife would be attracted by a similarly plain, simple statement of practical advantages. Perhaps the most effective argument of all is to state the price. But it needs to be accompanied with a brief statement sufficient to persuade the reader that the goods have more value than the price would indicate.

Spirit of the Press

Compulsory Arbitration.

Whatever may be said for or against compulsory arbitration in time of peace, the European war seems to have made it a necessity in England, where it is about to be required in settlement of the dispute between coal owners and 156,000 miners in South Wales. The Nation must have coal as an accessory to war, and the new munitions act authorizes the government to make arbitration enforceable. And whatever side may win, the losers will loyally accept, for most Englishmen are both patriotic and law-abiding.—Pittsburg Dispatch.

Same in Newark.

Has anybody noticed how scarce the flies are in Akron? Those who followed the fly swatting campaign last summer say there appears to be far fewer flies than a year ago. In Cleveland where the fly swatting has been going on continually each summer for the last four years, they say that the number of flies has noticeably decreased.—Akron Beacon Journal.

Thaw Case.

There never should be another Thaw case in the State of New York. If Thaw's wasted life and squandered money have given us that assurance, they have not been spent in vain.—New York World.

Expensive Divorce.

Divorce is so easily obtained in the country that it is hard to understand how a man could have been led to pay \$65,000 to one law firm for getting his release from matrimonial bonds. That princely payment would not have become public if two other law firms were not trying to collect an additional \$45,000 from him. In a country that contains two such relief stations as Chicago and Reno, not to mention other agencies for the dissolution of irritating bonds, even a multimillionaire ought to be able to get a divorce for less than \$110,000.—Philadelphia Record.

The Price of a Man.

I have tried to reduce this down. I have tried to find out how many men an American manufacturer has to kill to make \$100,000. That is a nice profit, \$100,000. It means good business. Everytime one of our manufacturers makes \$100,000 selling ammunition to Europe, he kills more than 78,000 men. The cost of manufacture of a shrapnel shell is \$9. That is the cost of manufacture, loaded and with fuses. It is sold for \$18 or \$21 per shell. That is the latest quotation of the American manufacturers. The profit per shell is \$9, sometimes more. A shrapnel shell contains 250 bullets about the size of your thumb nail. Carefully compiled military statistics of this war show that 3 per cent. of the bullets in a shrapnel shell are fatal. That is, seven men are killed by the bursting of a shrapnel. The profit to the American manufacturer on the shell is \$9. This is getting down to seven dead men for \$9.—The Christian Herald.

More sawing and less hammering is another thing that is badly needed in this country.

People laugh at a dull man and they hate a smart one. It all depends on whether you'd rather be laughed at or hated.

Agony is variously defined. In its final analysis it is the suffering of a man who having watched the stork fly into his house, sits patiently on his front porch awaiting the appearance of the notification committee.

TIRED BUSINESS MAN.

The business man is tired, with tears in his eyes are dim; the rest he's long desired is still sidestepping him.

His weariness has grown to be a public woe. Grief makes him for his own, and will not give him his case. For all hat-passers beg a chance to run him down, and delfly pull his leg for kopeck, yen and crown. Is there a scheme on deck to paint the railway tracks? The merchant's shapely neck is first to feel the ax. Is there a kindly plan to send the poor some ducks? The weary business man must cough up seven bucks. Is there a project big, to gild the village pump? The business man must dig his savings in a lump. For every cheerful fake devised by Jack or Jill, the business man must take some roubles from his till. The hoboes in the jail must have a Christmas tree; oh, merchant, hand the kale — be generous and treat! A widow needs a pup, to keep the tramps away; oh merchant, loosen up, be liberal today! A good electric fan the country poorhouse needs; oh, sad-eyed business man, shell out a dozen seeds! The business man must fail for every such demand, his back against the wall, his checkbook in his hand!

In the early afternoon they enjoyed a stroll along the beautiful banks of Raccoon creek, followed by the usual children's game indulged in on such occasions, after which a delicious repast was served on the porch. Early in the evening the tired but happy children were taken to their respective homes by Mr. Hughes on a hay wagon. Little Irene was the recipient of many pretty gifts.

The guests were Lillian Coddington, Mildred Hughes, Monna Hughes, Lucille Gilmore, Helen Danahue, Nellie Kelley, Edna May Westfall, Marguerite Danahue, Ada Kelley, Grace

BACK AFTER ADVENTURES IN PHILIPPINES

Mrs. Thomas B. McClintic

Mrs. Thomas B. McClintic, widow of Dr. T. B. McClintic, the United States public health service official who lost his life during an epidemic of spotted fever in Montana a few years ago where he went to combat the epidemic and himself fell a victim it has just arrived in San Francisco from the Philippines, where she went soon after her husband's death to visit her brother, who is president of a bank there.

The tragedy of her husband's death a few months after their marriage sent Mrs. McClintic to the far east in endeavor to forget it. With her went their small daughter, Miss Thomasia, who was born after her

father's death. Mrs. McClintic in telling of her experiences upon her arrival in San Francisco said that she visited some of the wildest and most inaccessible places on the islands and that many of her trips were made on mule back through some of the smaller islands where there are no white settlements. She saw some of the most primitive natives at close range and though she was repeatedly warned that she was going into danger she was not molested and never got into serious difficulties.

Before her marriage Mrs. McClintic was Theresa Drexel, of Washington, and one of the best known young women in the capital.

John Tucker of East Main street, Sunday.

Wilton Smith, the insurance man, spent Sunday with relatives at Utica.

Miss Mary Kennedy has returned to Cleveland after a two weeks' vacation at her home in this city.

Miss Florence Ottman of Utica is spending a few days with Miss Ruth Lindorf of Hudson avenue.

Miss Lucille Bunsgraber of Mechanicsburg, Ohio, is spending the week with Miss Mary Carl of West Church street.

Mr. Ned Warner of Dallas, Texas, is home on a vacation visiting his parents of Vine street. Mr. Warner is with the Westinghouse Lamp company.

Mr. F. R. Coulter and Mr. F. C. Mann of Columbus spent the day in Newark, Sunday.

Mr. W. O. Davis of the National Road was in Newark Saturday.

Mrs. Rufus Sparks of Pittsburg, is visiting Mrs. Carl Jones of St. Clair street.

Mr. and Mrs. J. W. Davidson and sons Wallace and Ross, spent Sunday in Frazeysburg.

Mr. George Bell of Zanesville is in the city today.

Miss Kate Clark of Zanesville spent Sunday with Mrs. George Platto of West Church street.

Miss Mabel Hughes of Hanover has returned to work at the Newark Telephone company after a five months' absence on account of illness.

Mr. Edward Davis of Cleveland is home visiting his mother, Mrs. Thos. Davis of North Fifth street.

Mr. Homer Patterson of Piquette, O., is visiting his mother, Mr. Virgil Patterson of Newark.

Master Donald Patton, 547 West Main street, is reported as doing very well after an operation for appendicitis last Saturday.

Miss Elizabeth Spitzer returned to her home in Granville street after a short visit with relatives in Millersport, O.

Miss Anna McClay, who is with the Swanson Rheumatic company, is on a two weeks' vacation.

Miss Clementina Bartsch of Wooster is visiting Miss Ruth Stasel on the Stasel farm near Hoover, O.

Mr. Walter Tvers left for his home in Cleveland yesterday.

Mr. Charles C. Barrett and Mr. Hershel Stephan left Sunday at Millersport visiting friends.

Mr. D. E. Camp is visiting with his family in South Second street. Mr. Camp is located in Cleveland.

Miss Louise Park of Bellevue, O., is spending a few days with her cousin, Mrs. Amanda Russ of 76 Fleck avenue.

THE SICK

Mrs. Shaffer, residing seven miles northwest of Granville, was brought to the City Hospital Sunday where Dr. Loveless and Eschler performed an operation for appendicitis.

Mrs. Solomon Smith living 2 miles west of Eleotown, was removed to the City Hospital Monday in the Bazler ambulance. She suffered a stroke of paralysis.

Personal

After a pleasant visit for two weeks Mrs. A. J. Nathan and daughter Elsie have returned to their home in Toledo.

J. T. Abbott of Herrin, Ill., is visiting his mother, Mrs. Esther Abbott at her home in South Fourth street.

Mrs. Joseph Cooper and Mrs. John Roebrough have returned home from a trip to Cedar Point.

Miss Lois Maple of North Fourth street is spending the week with relatives and friends at Lancaster.

Mrs. Adelaide Stevens and son Earl of North Fourth street, left today for a trip to Waterloo, Ind. and Leipsic, O.

Walter L. Flory and family after a short visit in Newark have returned to their home in Cleveland.

Misses J. D. Montgomery and A. J. Kennell, of the Newark Sanitarium were in Mt. Vernon Sunday. Mr. Kennedy accompanied his two daughters from Mt. Vernon Sunday evening.

They have been visiting relatives in Mt. Vernon for a week.

Miss Mada Baird and her cousin, Mrs. Zephia Katterly, returned to Cleveland Sunday after spending a week here at the home of Miss Baird's father, John Baird.

O. C. Jones left Sunday for a short business trip to Cleveland.

Gene McCarthy of the Fuchs jewelry store, went to Cleveland Sunday where he will spend a few days.

Misses Leonora Sachs, Edith, Ella and Bessie Looker, with Mrs. Charles Adams and Mrs. Harry Huey as chaperons, spent the week end at a cottage at Buckeye Lake. They had as guests on Sunday Messrs. Edward Kennedy, John Beckleberry and Edwin Tabler.

Old Tucker of Columbus was the guest of his parents, Mr. and Mrs. T. B. McClintic.

Old-Time Way
To Darken Hair

You can have the lustrous dark glossy hair you so much desire if you begin at once applying Sulpho-Sage. This is a dainty toilet preparation of cool old-fashioned Sage Tea and Sulphur, with other helping ingredients added. Not a dye, but restores color to gray hair so gradually and evenly that no one knows you are using it. A single bottle will prove how it brings back the rich dark shade. Imparts lustre and beauty, and removes dandruff. Results guaranteed. W. A. Erman, who sells and recommends Sulpho-Sage in Newark, will refund you money. Clifton Chemical Co., Newark, N. J. Out of town orders filled by parcel post.

The Centum Dancing club will give a dance at the Buckeye Lake Yacht Club House tonight.

The members of the Ladies' Aid society of the Fairmount Presbyterian church will be entertained at the home of Mrs. Emma Fulk on Thursday afternoon. It is desired that there be a large attendance and every member is asked to be present.

On Thursday evening of this week the Knights of Columbus will entertain with a dancing party for Newark friends and a number of Knights from Zanesville, Columbus and New Lexington will attend. The dance will be given at the Buckeye Lake Yacht Club and a special car will leave Newark at 8 o'clock.

The following young people, known as the Jolly Eight, took a ride Saturday night to Granville. After enjoying the M. E. church social they returned to Newark. Those in the party Stasel, Mae Hupp, Verna Stasel, Alice Veiling, Marguerite Handel, Katherine Veiling and Ethel Heyl of Brooklyn, New York.

Mrs. Mae Hupp delightfully entertained at her suburban home in Summit Heights with a six o'clock dinner in honor of Miss Ethel Heyl of Brooklyn, N. Y., who is the guest of her aunt, Mrs. Jacob Veiling of South Fourth street.

Among those participating in the affair were Misses Nelle Conley, Marguerite Handel, Alice Veiling, Katherine Veiling, Ethel Heyl, Pauline Stasel, Verna Stasel, Messrs. Arthur Handel, Harold Conley, Ronald and Juanita Hupp, and the hostess, Mrs. Mae Hupp. The evening was spent in playing, singing and dancing.

The following announcement has been received by the many friends in Granville of Prof. V. H. Hoppe, who, in June, resigned his position in Denison university as head of the department of public speaking.

Mr. and Mrs. H. G. Russell announce the marriage of their daughter Ardelle Hartman to

Mr. Victor H. Hoppe on Thursday, July the fifteenth nineteen hundred and fifteen Kalamazoo, Mich.

At home after September first, Bellingham, Washington.

Your Boys and Girls

Little girls are usually interested in learning to sew and knit if the work is presented to them in the guise of a game, and sensible mothers who realize that truly useful employment is just as enjoyable as purposeless games, aim to keep a supply of kindergarten materials on hand. Sewing cards and fancy worsteds are but a preparation for real sewing and embroidery and soon lead to the child's learning to make doll's clothes and other real work.

Another incentive to the art of crocheting is the so-called "wonder box," which resembles a small decorated box enclosing a good sized ball of yarn and the crochet needle for making play reins or long strips for mats. Another suitable work game for a child is to begin a doll's quilt, either of knitting or of the old-fashioned patchwork, the fitting together of the squares and the neatness of the stitching being all a part of the game.

MATCHES STARTED IT.

Fire which originated in a wardrobe in a rear bedroom at the home of O. K. Criswell, 126 West Locust street, destroyed a large quantity of bedding and winter clothing at noon Monday. Firemen responded to an alarm received by telephone, box No. 42 being sounded. Members of the family told the firemen that children playing with matches started the fire. The loss is covered by insurance.

PICNIC TOMORROW.

The I. V. Bible class of the Y. W. C. A. will picnic tomorrow afternoon at Kill Kare camp. All members are urged to take the 4 o'clock car for Kill Kare.

Mrs. John McKenna of South Third street, accompanied by her granddaughter, Miss Bess Kear of the Granville road will leave this evening for Atlantic City, for a visit with the former's daughter, Mrs. Louis Raucher. Miss Kear will also visit relatives in New York City.

"Over The Wire"

[By Dorothy Clarke]

Did you know that Helen was such a wonderful swimmer I hadn't any idea that she was so good . . . and I simply stood on the beach and gaped . . . I told her the next time she went swimming with us I was going to bring my knitting with me, so I would have something to do . . . She has an awfully cute suit and the prettiest cap! It's tied gypsy style.

Made of rubberized silk . . . It's worn in sort of a turban effect and tied on the side in a tight knot with long ends which hang to the shoulders . . . The main part of the cap is a brilliant blue and the ends are striped with broad bands of vivid green, yellow and red . . . We're going over again tomorrow and I wondered if you and Tom could go with us . . . Stanley is going with Helen and the six of us could . . .

Every Day Etiquette

My three brothers, living not far apart, each have one daughter. Please tell me how they should have their cards engraved?" asked Nina.

"The daughter of the eldest brother is entitled to have her card read 'Miss Martin,' she is grown up. The other cousins should have their names in full on their cards, always with the prefix 'Miss,' advised her friend.

Granville

(Special to the Advocate)

Granville, July 19—Granville is enjoying another building boom, in a quiet, unobtrusive way. There are many improvements on old houses and several new ones erected, as well as several in the first stages of planning. Centerville street, on the Newark road, is a popular field for builders.

Mrs. Hannah E. Jones, widow of the late Thomas D. Jones, died last before noon today, at the home of her son-in-law and daughter, Mr. and Mrs. Frank Wilson on the Lancaster road, after a lingering illness, in the seventy-fifth year of her age. A funeral service will be held at the Wilson home, Wednesday afternoon, July 21, at half past one o'clock. Interment in Maple Grove cemetery.

Mr. and Mrs. F. F. Murray entertained week-end guests, among whom were their son, Mr. Bradford Murray, of Columbus, and Miss Le Moyne, his fiancée.

Mrs. Anna Campbell, who has been on a two months' tour of the Pacific coast, has returned to Granville.

Dr. J. D. Thompson, who has been visiting his son-in-law and daughter, Mr. and Mrs. Fred Holden in New York City, returned home Friday.

Prof. Raymond Pence left for Columbus this morning to remain until after the funeral services of his uncle, Mr. S. S. Maughlin, a well-known newspaper man of that city. Interment will be made in Licking cemetery tomorrow, Tuesday.

Mr. and Mrs. E. J. Dorsey have had as house guest for several days during the past week, Mrs. Joseph Spaul of Columbus, who returned home Saturday.

Rev. and Mrs. C. N. Harford, his daughter, Mrs. Clarence Eddy and two little grandchildren will go to Licking tomorrow to attend the funeral services of the late Mrs. Elizabeth Black,

In Milady's Boudoir

which will be held in Licking church at 2 o'clock p. m. Mrs. Harford has been at her mother's bedside for several weeks, and the end came Saturday afternoon.

Mr. George Roubush, who has been in Granville since commencement, engaged in his summer's work, left at noon today for his home in Cincinnati. "Roudy" expects to study law in Cincinnati.

The annual picnic of the W. C. T. U. will be held next Friday afternoon at the home of Mrs. Christine Cook in College street. All are invited to bring baskets. Miss Anna Lyon has charge of the program which will be announced later.

Miss Ethel Nixen was hostess at a delightful thimble party Saturday afternoon, which she gave at the home of her parents, Rev. and Mrs. H. A. Nixon in West Maple street, honoring Mrs. J. W. Nixon of Minneapolis. Mrs. Nixon, who has been visiting her husband's parents since commencement week, will leave tomorrow for a visit with her parents in Toledo.

Mr. and Mrs. Albert Guckert started out this morning in their touring car for a camping trip, equipped with everything to make them comfortable. They said they "didn't know" where they were going but were on the way.

The total production of whale oil in 1912 was 1,200,000 barrels, more than half of which came from Norway. Ten years ago the cost of producing a ton of the oil was less than half what it is now.

One pound of good bread is as nutritive as 2 1/2 pounds of potatoes.

If the nails are not carefully watched and cared for during the present outdoor months, they will become hard, brittle and ugly. During the days at the seashore or in the country the nails grow very dry and they need a little dab of cold cream each night to soften the flesh at the base of each nail. Before you start manicuring your nails the hands should be soaked in a bowl of warm water mixed with glycerine and a few drops of toilet water.

Twenty minutes is not too long for them to lie in the water, and after drying and a little cold cream has been added, any coating of superfluous flesh should be pushed back in its place. After the flesh has been pushed back so that the half moons show, the hands should be washed again in warm suds. A tiny particle of nail rouge may, with advantage, be touched to each finger, and the coloring matter rubbed with a good buffer until the nails are pretty and pink. By rubbing one of the pretty white manicle cakes across the palm of the hand and passing the fingers over it with a swift motion, the nails gain a fine polish and make the fingers appear as if tipped by small window panes.

Oatmeal is excellent for softening and whitening the hands. Mix some finely powdered oatmeal with water and spread on the skin as a paste. As it dries rub it off in flakes, removing the last traces with lukewarm water.

Just for You!

Post Toasties are made for the purpose of affording you all the enjoyment and satisfaction that the four sides, top and bottom of the big package can hold.

Only the inner sweetmeat of the choicest Indian corn is used. These selected bits of corn are cooked, seasoned just right, rolled and toasted till they are big, crackly, golden-brown crisps—

Post Toasties

Then into the big, familiar, yellow carton go the Toasties—fresh-sealed!

The wax wrapper keeps out moisture, dust and taint, and you get these flakes just as they leave the factory ovens—fresh, crisp and delicious, ready to serve direct from the package.

Post Toasties are so superior to the ordinary brands of "corn flakes" that you will be well-repaid for making the distinction in name.

MOOSE

OPEN ANNUAL CONVENTION AT SAN DIEGO, CAL., WITH MANY DELEGATES

Important Sessions Will Also be Held in Mexico—Will Select Site for Sanitarium.

(ASSOCIATED PRESS TELEGRAM)

San Diego, Calif., July 19.—Two thousand members of the Loyal Order of Moose are in San Diego today attending the opening session of the national convention, which will continue throughout the week.

Today's session was devoted to the hearing of reports and disposal of routine business. The most important sessions will be held at Tecate, Mexico, tomorrow, where the delegates are to journey over the San Diego and Arizona railway. The election of supreme officers and the selection of a site for a \$500,000 sanitarium will demand the attention of the convention. New Mexico, Colorado, California, Texas and Arizona, have offered locations.

In addition to delegates and lodges from almost every part of the United States, members of the order are here from Toronto, Montreal, Victoria, Nova Scotia, Philippines, Hawaii and Alaska.

SIXTH CONVENTION OF ROTARY CLUBS

(ASSOCIATED PRESS TELEGRAM)

San Francisco, July 19.—The sixth annual convention of the International Association of Rotary clubs opened here today. C. P. Victor, of San Francisco, president, delivered an address of welcome to the 3,500 delegates in attendance from the United States, Canada, Great Britain, Austria and Hawaii.

The convention will be in session all week.

NO REASON FOR IT

When Newark Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Newark citizen says:

J. R. Kellenberger, carpenter, 18 Western Ave., Newark, says: "Kidney trouble and inflammation of the bladder caused me a lot of misery for several years. In the winter the kidney action was too free and I had to arise often at night to pass the kidney secretions. While at work, I was annoyed by the secretions and made miserable by pain across my loins, especially if I lifted. Doan's Kidney Pills, procured at Collier's Drug Store, did me a great deal of good. They regulated the passages of the kidney secretions and strengthened my back."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kellenberger had. Foster-Milburn Co., Prop., Buffalo, N. Y.

CHARLES L. RESCH

SHERIFF OF FRANKLIN COUNTY MAKES PUBLIC STATEMENT.

Mr. Resch, after years of suffering untold agony from Rheumatism, has completely recovered. He states:

"To Whom It May Concern: "I have been a sufferer from Rheumatism and have tried every known remedy without result. My case was also in the hands of prominent physicians, who pronounced me hopeless. I was finally induced to try Shlepus' Famous Rheumatic Remedy, which has given me permanent relief. Any one suffering from this dreaded disease ought to try this remedy, undoubtedly the only medicine of its kind in the market. (Signed) Chas. L. Resch."

Hundreds of people loudly praise this remarkable remedy. Every day new and unsolicited testimonials reach our office. It is unexcelled for Sciatica, Gout, Neuralgia, Lumbago, Inflamed or Swollen Joints, Muscular Rheumatism and all Rheumatic Afflictions. A trial will give a verdict in favor of this Great Rheumatic Tonic. Get a bottle now, it STANDS THE TEST.

SHELPUS' FAMOUS RHEUMATIC REMEDY can be had at Evans' Drug Store, Warden Hotel Block, R. W. Smith, the Prescription Druggist, Hall's, The Rexall Drug Store, in \$1 and \$2 bottles. 7-19-22

World's Greatest Preacher To Speak at Chautauqua

DR. FRANK W. GUNSAULUS.

DR. FRANK W. GUNSAULUS, referred to far and wide as the world's greatest preacher, is also president of Armour Institute of Technology and pastor of Central church, Chicago. In oratory no one excels him in either American or European pulpits. Few Chautauquas in America can give to Dr. Gunsaulus an audience as large as the one which he addresses every Sabbath morning in his home city in the great Auditorium theater. No small portion of this audience is made up of people stopping temporarily in Chicago. It is quite generally conceded among people of education and those interested in the work of the present day church that the traveler who visits Chicago has not really completed a tour of that city until he has seen the vast Sunday morning audience in the Auditorium theater and heard the orator who occupies that platform.

PRODUCTION OF PETROLEUM WAS GREATEST EVER

(ASSOCIATED PRESS TELEGRAM)

Washington, July 19.—Production of petroleum last year was the greatest in the history of the country, the aggregate being 296,312,535 barrels. Final figures as made public today by the geological survey show that of the total output, 265,792,335 barrels were either marketed or used in field development and 21,550,000 barrels held in storage. The market output showed an increase of 17,316,905 barrels, compared with 1913, but a loss of \$2,400,173 in value.

California remained first place as an oil producer with Oklahoma a close second. Wyoming and West Virginia, respectively, showed the greatest relative increase and decline.

25 Years Ago

(From Advocate, July 19, 1890.) Mr. Harvey Gates and wife are visiting Mr. and Mrs. W. N. Fulton. The electric car made the first trial trip to Showman's night before last. The car contained a number of directors, officers and stockholders of the company.

YELLOW

SHOWS IN PRISONERS WHO VIOLATE RULES, IDEA OF SING SING LEAGUE

And the Color Will Predominate in Punishment Inflicted by Prisoners' Society.

(ASSOCIATED PRESS TELEGRAM)

Ossining, N. Y., July 19.—Members of the Mutual Welfare league, the self-rule organization of the inmates of Sing Sing prison, have adopted the novel method of inflicting punishment for attempts to escape from prison or violation of prison rules.

Suspension from the privileges of the league is the basis of the punishment. Offenders who are suspended for five days or more, will be compelled to wear a yellow circle as large as an orange on the breasts of their gray shirts.

Those suspended for ten days or more must wear not only the yellow circle, but a yellow stripe down the middle of the back. In case of suspension for twenty days, yellow stripes on the trouser legs must be worn. The heads of all offenders suspended for thirty days will be shaved and in addition they must wear the yellow stripes.

Warden Thomas V. Osborne said that the idea originated with the prisoners and was based on the feeling that if a man offends against the rules he shows the yellow inside himself and they devised this plan to show the same color on his uniform.

Two prisoners found intoxicated from drinking a mixture of alcohol and water, will be the first to wear the yellow stripes.

IDENTIFY BODY THAT OF VICTIM OF LUSITANIA

(ASSOCIATED PRESS TELEGRAM)

London, July 19.—A body supposed to be that of Linton W. Bates, Jr., of New York, who lost his life on the Lusitania, has been washed ashore in the Linnick coast. A telegram to that effect was received from Wesley Frost, American consul at Queenstown by Newton B. Knox, an American mining engineer and friend of Mr. Bates.

The telegram says a gold watch and a gold cigarette case marked with Mr. Bates' monogram were found on the body. Measurements of the body also indicate that the identification is correct.

Mr. Knox will leave tonight for Queenstown to take charge of the body.

POMONA GRANGE ENTERTAINED ON AUGUST 7TH

Licking County Pomona Grange will be entertained by Newark Grange No. 1061 Saturday, August 7. The sessions will be held in the chapel and dinner served in a tent. Let us make this meeting a record breaker in every way. As there is much business of importance to be transacted at this time, all Patrons should make a special effort to be present. Let us have two hundred for the fifth degree, and I would earnestly request all Grange secretaries of the county who have not sent in their quarterly report to be sure and have them reach the secretary of State Grange by July 22. As this is the report the official count is made from, hence the most important of the year. Will not each of the twenty-five secretaries help to make the official count complete and continue Licking county as the banner Grange county in the great state of Ohio? C. A. WAGY, Master of Licking County Pomona.

MASONIC PICNIC

There will be a meeting of the Masonic bodies Tuesday evening at the Temple for the purpose of arranging for the picnic to be held Thursday, August 26th. Every Mason in the city is asked to be present and especially those members who were on the different committees last year.

It is the desire to have a large number present at this meeting Tuesday evening as some very important business is to be brought before the members. Make it a point to be there and bring other members with you. A big booster committee is wanted. Boost by being present Tuesday evening at the Temple.

Mr. Business Man, Notice.
Every business man should read Uncle Walt Mason's prose poem, "Tired Business Man," upon the editorial page of today's Advocate. Uncle Walt has the faculty of hitting the nail upon the head six times out of every half-dozen but he seldom gives a harder punch than he does today. Read Uncle Walt today, Mr. Business man.

Noted Adventist Dead.
Mrs. Ellen G. White, one of the founders of the Seventh Day Adventists, who spoke at an Adventists camp meeting in Newark many years ago, died at St. Helena, Calif., last Friday. She was 88 years of age. Mrs. White was a remarkable woman whose books are familiar to members of the Adventist church everywhere. On Feb. 13, Mrs. White tripped and fell breaking the bone in her left thigh.

Relatives Took Him Home.
McClelland Matthews, arrested at Union Station Friday when the police were looking for David Stiffen, was taken to his home in Muskingum county Sunday when his wife and a brother-in-law came after him. Stiffen is still at large.

In Police Court.
Four drunks and two train riders drew fines before Mayor Bigbee Monday morning. Mike Decligh, a foreigner, was fined \$1 and costs for stealing coal from the B. & O. Charles Pulk was fined \$5 and costs on each charge, having been locked up for being drunk and driving recklessly. A plain drunk who was given a suspended sentence some time ago, was arrested again and the former sentence ordered executed and a new fine of \$5 and costs assessed. He paid both fines.

St. Pierre, Martinique.
which was destroyed by the eruption of Mount Pelée in 1902, has never been rebuilt but it is said that even yet the ruins are being searched for valuables. The place is under police control, and two or three streets have been excavated, but it is still a "city of desolation."

WILL DOUBLE CAPACITY OF RUGG PLANT

Work is progressing rapidly on a new building at the plant of the Rugg Hutter Company in North Newark. When this building is completed, about 20,000 square feet of floor space will be added to this flourishing little plant.

The new building is of concrete and will be two and three stories in height. The building is 208 feet long.

This company has enjoyed a splendid increase in business this year and while no direct orders have been received from any of the belligerent European nations, it is presumed that much of the product is being shipped abroad through the regular customers of the company in the East.

The company has also done a large business in small articles used by automobile manufacturers in the construction of cars.

The Rugg company is one of the flourishing industries of the city and its continued growth is gratifying to all Newark people who have the welfare of the city at heart.

STEADY WORK AT PHARIS RUBBER CO.
The Pharis Rubber Company in West Newark is enjoying an excellent business and is working a day and night shift of a couple of hundred men at their plant just west of the West Main street bridge. The Pharis tire is recognized as one of the best on the market and is shipped to all sections of the country. All of the Pharis employees have had steady work for months and the outlook for new business is very encouraging.

A. H. HEISEY CO. RESUMES WORK.
The A. H. Heisey Co., resumed at the East Newark plant today after having been closed for the usual summer vacation. A full force was placed at work according to one of the officers of the company the outlook for the future is very bright as business is resuming in many parts of the country. The Heisey company gives employment to hundreds of people and the resumption of the plant will be pleasing to everyone interested in the city's welfare.

CAMBRIDGE HAS BIG FIRE LOSS; FOUR MEN HURT

Cambridge, O., July 19.—The Cambridge works of the Interstate Iron and Steel company of Chicago, Ill., a bar mill, was destroyed by fire of unknown origin at 2 o'clock Sunday afternoon. The loss will amount to \$100,000 and is covered by insurance. Fully 300 men will be thrown out of employment. It is not thought the plant will be rebuilt on the present site.

Four persons were slightly injured during the fire. Walter Sigfried, a member of No. 2 hose company, was badly cut on the leg by coming in contact with sheet tin. Isaac Corey was cut on the back by the falling roof. To other men were slightly injured, but their names could not be learned.

Three big smoke stacks and fire blackened ruins were all that marked the spot of one of the largest industries of the town today. This plant has been operating steadily, even when all other industries were closed. The main plant which covered a city block, was of frame material, tin covered. The wood had become soaked with oil. Engineer Tignor discovered a small fire in one corner of the main plant about 2 o'clock Sunday afternoon and in a moment, before he could sound the alarm, that entire section of the plant was a mass of flames. Within a few minutes the flames swept to other buildings near the plant and by the time the fire department arrived it appeared impossible to save any of the structures.

Nine freight cars on the railroad siding were also consumed.

BOND SALE.

SHERIFF MAY SOON LOCATE MISSING MAN

Zanesville, O., July 19.—The theory that John Hornung, missing cashier of the Dresden National bank, who is wanted on charges of embezzlement and falsifying the books of the bank, is concealed in or near Dresden is effectually disposed of by the positive knowledge that he was in a neighboring state last Friday.

No positive information is yet obtainable from Receiver Blackman or Examiner Cooper as to the probable amount of Hornung's alleged shortage, but the impression prevails, among those in a position to indirectly know something of the facts, that the shortage will be much larger than has been generally supposed.

As yet no one has been able to learn what Hornung did with the money he is accused of having wrongfully taken from the bank. It is supposed that he speculated in the wheat market, but positive proof of this has not been found by those conducting the investigation of his affairs and those of the bank.

Sheriff Evans is preparing to send out 7,000 circulars to the sheriffs throughout the United States and Canada in the hope that the reward offered will enlist the services of an army of officers of the law and make the escape of the fugitive practically impossible.

Late last night the sheriff expressed the confident opinion that within the next few days he would be close on the trail of the banker, but he would venture no opinion as where he would probably be located.

The Courts

In Common Pleas.

In the case of Clara Lowery vs. Meyer & Lindorf, a judgment of dismissal was entered for failure to give security for costs, plaintiff being a non-resident of the county. The suit was brought to recover compensation for personal injuries.

Mason J. Stewart vs. B. & O. R. R. Co., submitted to the court.

Edward Kibler, Jr., Adm'r vs. P. C. C. & St. Louis Ry. Co., motion to strike out certain allegations in the petition and to make more definite and certain overruled. Plaintiff sues to recover damages growing out of the death of Elza Strauderman at Cedar street crossing of the P. C. C. & St. Louis Ry. Leave was given the defendant railway company to file an answer.

Marriage Licenses.

Frank E. Horn, bookkeeper of New Lexington, O., and Miss Winnie Flo Franks of this city. Rev. Mr. Bowden named to officiate.

Damage Case Filed.

Clement T. Richter has filed a damage suit in common pleas court against John F. Redding. The petition recites that the parties own adjoining farm lands in Bowling Green township, and alleges that the defendant on April 5, 1915, started a fire west of the lands of plaintiff, burning grass, briars and underbrush; that through carelessness and negligence the fire was driven to the lands of the plaintiff, destroying timber thereon to the value of \$23.56.

Taken to Hospital.

John A. Williams, 18 of Jersey township, was adjudged a lunatic in probate court today and was ordered committed to the state hospital at Columbus.

Justice Scott's Court.

Al Wethers was brought into court Saturday on a mittimus which had been issued by Justice Fletcher S. Scott, and was taken to the county jail to serve a sentence which had been imposed upon him, of \$50 and costs for illegal use of nets at Buckeye lake the total amount of fine and costs being about \$163. Wethers had been released on a habeas court Saturday on a mittimus which decision. Special Court Constable Charles Moore brought Wethers into court.

Admitted to Probate.

The will of Joseph T. Swisher, late of Lima township, was admitted to probate today.

Justice Jones' Court.

In the case brought by J. N. Fitzsimmons against George Tress for leaving a board bill unpaid the matter was adjusted by the defendant paying the costs or prosecution and arranging to settle the claim to the satisfaction of the plaintiff.

CAPITAL CITY LEAGUERS PULL 3 DOUBLE PLAYS

In a game which was won by the Newark club 2 to 0, the Schullmans of Columbus executed three mighty pretty double plays, which aided the visitors materially in keeping Newark's run getting down to the minimum. The game was played in 1 hour and 35 minutes.

Nichols a new hurler for Newark allowed but two hits. Brown the Columbus pitcher was almost as good. Boole's double in the first was the only extra base single in the game. It scored the first run.

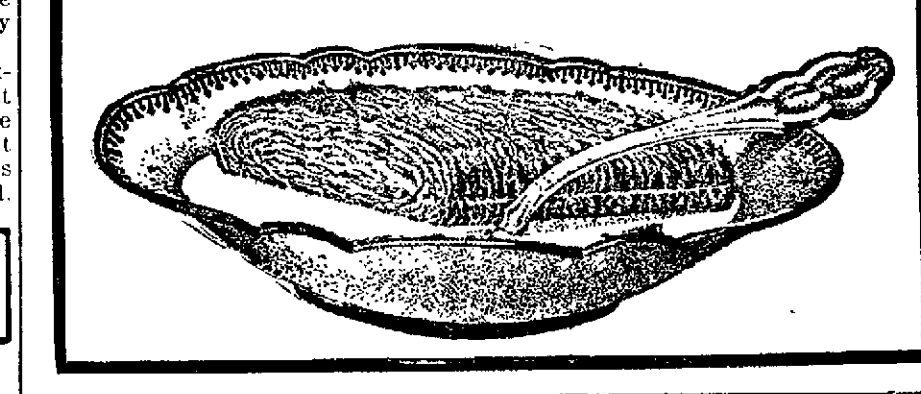

The score:
Newark . 1 1 0 0 0 0 0 0 — 2 1 1
Schullmans . 0 0 0 0 0 0 0 0 — 0 2 2

Give the boy a chance
A man's food must contain the elements that repair the daily waste of brain, tissue and muscular energy. A boy's food must supply the elements that not only repair waste, but build new brain, muscle and bone. The food that meets both requirements is

Shredded Wheat
a man's food and a boy's food, rich in the proteids that repair waste tissue, that perfectly nourish a growing youngster.

Don't blame the boy for mental backwardness. Feed him right. Shredded Wheat contains all the body-building material in the whole wheat grain made digestible by steaming, cooking, shredding and baking. Eat it for breakfast with milk or cream. Eat it for lunch with sliced bananas and cream. Eat it for supper with luscious ripe berries or other fresh fruits.

Your Friend—the Newspaper
[Editor's Note.—Strickland Gillilan, America's foremost press and platform humorist, is regarded as an authority on the newspaper and its relation to the public. The fact that Gillilan is to appear this summer on our Redpath Chautauqua lends interest to the editorial which follows.]

INTO all well regulated and some poorly regulated homes in this land of the debatably free and the home of the self admitted brave comes daily, or at seldome weekly, a visitor. It is the newspaper. The purpose and mission of this newspaper is to be a genuine friend, performing all the functions of the kindly guest and some of those of the ministering servant. In proportion as it is so regarded among its subscribers the newspaper is a success.

What do we expect of this friend?
First, that he be honest and intelligent. He must tell us as truthfully as he can what is going on in the world. His facts must have been obtained from creditable and trustworthy sources. He must compliment our intelligence by telling us, whenever possible, the sources of the knowledge. This informing is the finest and chief office of his visit.
Next, he must tell us what he thinks about the more important news. Has it a significance in regard to our daily life and interests? Does it affect us, favorably or unfavorably? Is there anything we can or should do about it? These things are mere opinions of our honored guest, but in proportion as we trust and respect him the opinions must bear weight and fruit.

After the news and the opinions we want to gossip with the guest. He must tell us how to make or to utilize new or old things for the household and about the place. He must improve our home conditions, if possible. He must show us how to obtain our daily necessities more economically and tell us who has the very thing we want at a given time. He must tell us who is visiting whom, who is to marry, whose child had a party and didn't invite our own little angel face, etc. And then this big, broad, understanding, informing friend must have a twinkling eye. Nearly every eye that sees very far past the end of the adjacent nose has a twinkle in it. So this newspaper guest must have a twinkle. This twinkle is the humor in the newspaper.

I believe newspaper humor is about to take an enormous forward stride. It is at a high tide of its fad stage just now as regards quantity. The next generation will see and read and understand a higher quality, but the proportionate quantity will probably be less.

HAD NARROW ESCAPE FROM BAD INJURY

Harry St. Ball, the well known stenographer employed by the B. & O. railway in the general office in this city, had a narrow escape from being injured, or perhaps badly maimed, when he attempted to board an interurban car at midnight Lake park last evening. Mr. Ball, with a number of companions had come to the lake for supper and after enjoying a launch ride to Summitland Beach and return had started for the car when he happened to remember that he had checked his silk umbrella at the hotel. He made a hurried run there and returned just as his car was starting. He made a grab for the handle but missed and fell to the platform. Several women screamed after witnessing the accident, thinking he had fallen under the wheels and one woman standing in the Columbus waiting room fainted and remained unconscious for some time. The interurban conductor stopped the car and Mr. Ball boarded it for this city. His only injury was a badly sprained hand but he had a very narrow escape.

FLOOD FEARS REVIVED BY HEAVY RAIN

RIVER AT LIMA RISING BUT AT
OTHER POINTS STREAMS
RECEDE.

Fifteen Persons Narrowly Escape
Drowning at Kenton—No Present
Danger at Columbus.

[ASSOCIATED PRESS TELEGRAM]
Lima, Ohio, July 15.—Torrential revived flood fears. The Ottawa river rises here yesterday and last night has risen again and residents who vacated their homes in the low sections last week, but later returned to them, were preparing for another evacuation today.

FEAR EPIDEMIC

[ASSOCIATED PRESS TELEGRAM]
Kenton, Ohio, July 15.—Fifteen persons, standing up to their necks in water, and nearly drowned, were rescued early today from a flood-submerged house in the Scioto marsh, near Foraker, a suburb of Kenton. The rescuing party, composed of officers and civilians, used a rowboat. While they were saving those endangered, the water rose six inches in the marsh. It rained here nearly all night, causing a renewal of last week's inundation. It is feared that more residents of the marsh may be in similar straits and loss of life may possibly have occurred. The search for sufferers and possible victims was continued today. When the rainfall ceased this morning it was hoped that the crisis was past and the water would fall before night.

The city board of health, at a special meeting today took steps to prevent an outbreak of disease in South Kenton, where an epidemic is feared, due to accumulated filth from the flood.

ABOUT NORMAL

Scioto and Olentangy at Columbus
Were Falling Today.

[ASSOCIATED PRESS TELEGRAM]
Columbus, July 15.—While the Scioto and Olentangy rivers rose slightly last night as a result of heavy rains that fell shortly before midnight, both streams were practically normal today.

IN KANSAS

There is Increased Fear of Floods
as Also in Missouri.

[ASSOCIATED PRESS TELEGRAM]
Kansas City, July 15.—Increasing fears of flood, prevailed here today, following heavy rains in Kansas and this section of Missouri last night. From two to four inches of rain fell in the Kansas river watershed and today that river at Kansas City had turned on another upward spurt. The reading here was 24.8 feet. The Missouri river here also was rising at about the same rate. The reading of the latter stream was 28.1 feet.

REPORT AUSTRIAN SUBMARINE SINKS ITALIAN CRUISER

[ASSOCIATED PRESS TELEGRAM]
Berlin, July 15.—By wireless to Saville.—The following communication was received here today from Vienna, under date of July 15:
An Austrian submarine this morning torpedoed and sank, south of Ragusa, the Italian cruiser Giuseppe Garibaldi. The cruiser foundered within 15 minutes.
The Giuseppe Garibaldi was an armored cruiser of 7,231 tons displacement. She was 314 feet long and was laid down in 1898. Her complement was 770 men. She was armed with one 10-inch, two 8-inch, fourteen 6-inch and ten 3-inch guns.
Ragusa is a fortified seaport of Austria-Hungary, in Dalmatia, on a peninsula of the Adriatic sea, 38 miles northwest of Cattaro.

TWO SUBMARINES OF AUSTRIA HAVE LIKELY BEEN LOST.

[ASSOCIATED PRESS TELEGRAM]
Paris, July 15.—A telegram from a Rome news agency says that a refugee who has reported here from Pola, the Austrian naval base, says two Austrian submarines which left to reconnoiter the Italian coast, have not returned and are believed to have been lost. One of the submarines had a crew of 20, the other a crew of 40. The supplies of gasoline were sufficient for only four days.

Inspection of the old wall of the palace of the Louvre disclosed that reinforced concrete was known and used in Paris in the sixteenth century.

There are three rivers known as Colorado. The first is in Utah and Arizona, and is 2,300 miles long; the second is a river in Texas, 900 miles in length; the third is in the Argentine Republic, in South America and is 400 miles long.

FORMER LICKING COUNTY DOCTOR DROWNED SUNDAY

Friends at Hanover received a telegram Sunday evening announcing the death of Dr. M. E. Dawson, of Licking, La. According to the meager information contained in the message, Dr. Dawson was drowned Sunday, though no details of the tragedy were given. His widow and two children left last night for Ohio with the body and the funeral services will be held in Coshocton county.

Dr. Dawson was formerly a practicing physician at Granville and Hanover. He is well known to the medical fraternity in Licking county. He went to Louisiana about five months ago. He is a member of the Modern Woodmen of America. He was a native of Coshocton county, where he was born about 48 years ago.

CHICAGO

(Continued from Page 1.)
women; married women who avoid children; incapable mothers who shirk the obligations and responsibilities of motherhood. We have women who are admirable flirts, coquets and talkers, splendidly efficient in all domains—business, science and art. All professions are now open to her. She can act, dance, paint, sing, type, keep books, defend a case at the bar, or be a policewoman. She can back horses, drink, gamble and smoke; and, now be as capable a soldier as any man under Miss Colonel Charlesworth, who is training troops of women for Lord Kitchener. In fact, she can do anything and everything except fulfill the highest of all destinies, the bringing forth of beautiful children and the making of them into men and women who will bless humanity.

Woman's neglect and denial of her highest vocation is bearing bitter fruit. We see it in the white slave traffic more than anywhere else. We see the fruits in the hospitals. We see it in the reformatories. Some of the finest material for the making of useful lives is to be found there, run to seed—all through the lack of motherhood.

Woman is not altogether to blame for her failure to fulfill her destiny. The world has made and worships this false woman.
"Motherhood was the first thing to go in Greece and Rome. The emperor Augustus saw his empire expire through the white slave traffic; France and Belgium are going in the same way. The same canker is also eating at the national life of America. Since coming to the States I have been struck by the frightful tragedies in young lives,—all for the want of a mother who has won the confidence and friendship of her children."

So powerful is the jaw of the swordfish from which the sword projects that it has been known, in attacking vessels, to pierce through oak timbers to the depth of 10 inches.

In the Japanese navy the messing allowance is the same for all ranks. A vice admiral and an ordinary seaman get alike the modest sum of \$1.25 a week.

A German zoologist who had discovered in German Guinea a new kind of opossum proposes to give it the name of *dactylopsilla hindenburgi*.

There are 1,300 Austrians and Hungarians, 1,027 Germans and 592 Turks in the French army.
